

ANNUAL REPORTS

DEERING

NEW HAMPSHIRE

1965

All property owners in the Town of Deering are reminded that they will be welcome at the Annual Town Meeting at 7:00 P.M. March 8, 1966, whether or not registered voters of the town.

— By order of the Board of Selectmen

The 1965 Town Report is respectfully dedicated to Rev. Clark Poling who gave his lifebelt, and his life at the sinking of the U. S. S. Dorchester during World War Two that another might live. The light on Clark's Peak glows in his memory. Clark spent his boyhood summers at Longhouse here in Deering."

Report of the Selectmen

During the calendar year of 1965 a significant change in Town affairs has been the reassessment of all property at 100% of market value by the Board of Selectmen. Although required by law for several years, there has been a marked reluctance to comply with this requirement in the past because of an apprehension that to do so would increase the Town's share of the County Tax and the School District assessment. We have been reassured by the New Hampshire Tax Commission that this will not be the case, however.

At intervals of two years, the Tax Commission makes a survey of assessments within the Town to determine at what percentage of full market value the properties in Deering are being assessed. This "Equalized valuation percentage" is then applied to the total valuation of the Town. It is this 100% valuation which is compared with other Towns to arrive at our share of the County Tax and compared with Hillsboro's equalized valuation to determine our share of the School District cost. For this reason, the actual percentage of market value at which property is assessed within the Town should have no effect on our payments to other governmental divisions. However, being at 100% of market greatly simplifies the work of the selectmen and therefore saves money for the Town.

We have attempted this Year to contract the highway work as voted in the 1965 Town Meeting. Since the Selectmen received only one bid for snow plowing in answer to our advertised request for bids, the decision was made to rent equipment by the hour at rates comparable to those paid by the State for the same types of equipment. At this time we do not have sufficient cost data to determine with any degree of accuracy whether or not the Town is saving money by hiring equipment instead of using its own.

The accelerated paving of roads within the Town with "Town Road Aid" funds is proceeding at a reasonable rate. The pavement was extended in West Deering to Donovan's Corner and the Reservoir Road was paved as far as the County Road. The County Road was improved in preparation for paving and the Lake Road near the center of Town was widened. It is expected that all of this work will be completed during the ensuing year.

The Selectmen wish to express their appreciation to the voters for their cooperation in maintaining an economical town budget, which is reflected in our tax bills.

TRUSTEES' REPORT, DEERING PUBLIC LIBRARY

For the greater part of the summer, road repairs made parking at the Library difficult. In spite of this, the summer circulation of books was 121 as compared to 117 for the previous year.

The total number of books borrowed in 1964 was 163 and in 1965 was 187. Five requests were sent to the State Library for material on special projects.

The Bookmobile made only one visit due to a breakdown of one of the trucks.

Books may be borrowed at any time by contacting one of the Trustees or the Librarian.

REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

Most of us who live in New Hampshire and the thousands of vacationists that visit us every year love the State for the variegated woodlands that encircle our clean lakes and clothe the hills and mountains. Most of us appreciate these values, but still there were enough careless people among us to cause over 880 grass and woodland fires to start in 1965. True this was a much dryer than normal year but this should have meant the use of extra care. Fortunately the fire fighting forces have held the line against such careless acts. It is up to each one of us to be ever mindfull that a spark or flame is a potential fire.

WE MUST ALL BE CAREFUL:

1. To teach our children the danger in lighting matches.
2. To never discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn rubbish or brush;
 - a. Always get a permit to burn from the warden.
 - b. Start your fire late in the day after 5:00 PM.
 - c. If burning a field or brush have equipment and adequate help on hand. The heat from your fire creates its own draft to spread fire.

Our carelessness with fire is costing our State and Towns thousands of wasted dollars in suppression and hundreds of acres of destroyed woodlands. Yours never to enjoy.
